Sirs + or Madams,

9-15-11

We would like to know why there are still
 some Duke Energy customers in the Gads-Ninety Six area
 that are still on the "Old Duke Rates" while most everyone
 else in our area are paying extremely high Rates!?
 We understood that this agreement would end in 2006,
 but it didn't. We can't help but feel this is, at least,
 partly to blame for our higher rates! Please Explain!
